

**THE UNDER SECRETARY OF DEFENSE
ACQUISITION AND TECHNOLOGY**

NOV 30 1998

MEMORANDUM FOR: THOMAS CREAN

SUBJECT: DAU/BOV Report of November 16

I am very concerned about the observations made by the BOV in the second paragraph of Gertrude's letter (attached). I would like to receive a corrective action plan prior to the next BOV meeting. This clearly is an area to address as we move toward a "world class" status.
