

**THE UNDER SECRETARY OF DEFENSE
(ACQUISITION AND TECHNOLOGY)**

MAY 11 1998

MEMORANDUM FOR: MR. STAN SOLOWAY

SUBJECT: Defense Acquisition University

Some really good ideas here. We must develop an overall strategy and plan to address the future (long-term) size and content of the acquisitions workforce, as well as its continuing education needs. I think this must be a full-time job for one of your people. What's your view? Let me have your concept for approaching this area.

Also, please prepare a response for me to Gertrude so she gets it before the May 19 meeting.
